If you're interested in a career in cybersecurity, this training could be a good option.

1. Organization providing the training:

I'm Still Standing Community Corporation

2. Physical location where training occurs:

424 South Pulaski Street
Baltimore, Maryland 21223

3. Description of the training offered:

This training is meant to prepare individuals for entry-level careers in cybersecurity. Currently, classes are being offered online and include classroom instruction and hands-on training.

- The A+ course covers fundamental computer and career skills for entry-level IT positions.
- The Network+ course includes hands-on labs that provide experience to prepare students for enterprise network.
- The Security+ course provides students the skills to plan, implement, and maintain information security. This includes risk management, host and network security, authentication and access control systems, cryptography and organizational security.

4. Trainees have the opportunity to earn the following industry-recognized certifications:

- A+
- Network+
- Security +

5. Am I eligible?

To be eligible for this training program, applicants must:

- Have a High School Diploma or GED®
- Pass basic math and reading tests
- Have access to a computer

6. What is the application process?

To apply for this training program, please contact Bruce Jennings at 443-438-3456 or 410-371-5975.

7. How much can I expect to earn if I complete this program and obtain employment in the cybersecurity field?

Trainees who complete this program and obtain employment can expect to earn an average of $20.00 per hour.

8: How much do I have to pay for this program?

Students must purchase the course materials, which cost about $35.

9. Where can I find more information?
