

If you're interested in a career in cybersecurity, this training could be a good option.

1. Organization providing the training:

UMBC Training Centers

2. Physical location where training occurs:

6996 Columbia Gateway Drive
Suite 100, Columbia, Maryland, 21046

3. Description of the training offered:

UMBC Training Centers is a premier provider of professional and technical training for individuals, businesses, non-profit organizations, and government agencies. The Certified Cybersecurity Analyst Program is an intensive, hands-on training program designed to provide students with the technical skills and certifications required for a career in cybersecurity.

For each program, a student can choose between full-time and part-time. For the Certified Cybersecurity Analyst Program (CCAP), full-time students can complete the program in 6 months, while part-time students can complete the program within 11.5 months.

4. Trainees have the opportunity to earn the following industry-recognized certifications:

Certificate in Cyber Foundations:

- CompTIA IT Fundamentals+, CompTIA Network+, CompTIA Security+

Certified Cybersecurity Analyst Program:

- CompTIA Linux+, Cisco Certified CyberOps Associate

5. Am I eligible?

To be eligible for this training program, applicants must be 18 years or older. Students must complete the Certificate in Cyber Foundations prior to the beginning of the Certified Cybersecurity Analyst Program.

6. What is the application process?

To apply for this training program, candidates will need to attend an online information session, meet with an admissions advisor, complete, and submit the program application.

7. How much can I expect to earn if I complete this program and obtain employment in the cybersecurity field?

Trainees who complete this program and obtain employment can expect to earn an average of \$20 - \$40 per hour in an entry-level position.

8: How much do I have to pay for this program?

Students may be eligible for a scholarship using EARN funding, however the total cost of each program is listed below.

Certificate in Cyber Foundations: \$4,795.00

Certified Cybersecurity Analyst Program: \$10,995.00

Certificate in Cyber Foundations +Certified Cybersecurity Analyst Program offered Full Time: \$15,995.00
