

Jumpstart Your Healthcare Career with PCT Training

May 17 - October 7, 2022

Includes Evening Classes, Virtual Activities, and a Clinical Practicum

BACH is partnering with Baltimore City Community College through the citywide **Train Up** program to offer **free** certification-track patient care technician training. Classes will be held on Tuesdays and Thursdays from 6:00-9:30 p.m. The training will also include virtual activities and a clinical practicum at University of Maryland Medical Center.

Am I eligible?

Participants must be current Baltimore City residents ages 18 or older, have a high school diploma/GED, be eligible to work, be vaccinated against COVID-19, and certify that they've been affected by the COVID-19 pandemic.

How can I learn more?

You can learn more about this and other healthcare training and career options at a virtual BACH Information Session. Register today at www.baltimorealliance.org.

Start Your Healthcare Career In Phlebotomy
